

# Glitter and Glamor

---

## Sophora – Dragon’s Gold

### **Releasing the temptations of glitter and glamour**

The flower essence for helping us to deal with all of the many forms of glitter and glamor that is a major distraction in today’s world.

Includes the obvious glitter of consumerism and chasing after material wealth, and also the more subtle forms of this syndrome, like the subtle ego traps that must be negotiated on the path to true mastery.

**Affirmation: “I release my need for glitter and glamour in my life.”**
