

# Dark Forces Immunity

---

## Spirit of Hope Rose

A flower essence for helping a person to attain immunity from “attack from the Dark Forces”. This essence helps a person to attain a shift in their consciousness that gives them this “immunity”.

There are various ways of looking at this scenario. One is that the whole thing is “entirely in the mind”, another is that the Dark Forces, and their “attack” are very real. Either way, this essence will help.

**Affirmation: “I shift my consciousness and become immune to these attacks.”**
